- GPA 3.6/4.0 | Dean's List
- AWS Certified Cloud Practitioner (2026)

TECHNICAL SKILLS

- **Languages:** C++, Python, JavaScript, SQL, HTML, CSS.
- **Frameworks & Tools:** React, Next.js, Node.js, Tailwind CSS, Jest, Git
- **AI / Data:** Pandas, NumPy, Scikit-learn, Matplotlib, OpenAI API, Gemini API
- **Cloud & APIs:** AWS, REST APIs, GitHub API, GitLab API, JSON
- **Core Strengths:** Debugging, technical documentation, problem solving, research.

PROJECTS

Narrator — AI Audiobook Generator | Next.js, React, TypeScript, Tailwind CSS, API Routes, GitHub

- Built 5 core workflows, turning manuscript-to-audio into one guided dashboard
- Integrated OpenAI text-to-speech via API routes for **manuscripts up to 50,000 words**
- Added form validation (Zod, React Hook Form), **cutting invalid submissions by 35%**

Machine Learning Fitness Tracker | Python, Pandas, NumPy, Matplotlib, Scikit-learn, Sensor Data, Machine Learning

- Processed **187 MetaMotion sensor** from **12.5Hz/25Hz accelerometer and gyroscope** into a **5Hz time-series dataset**
- Trained and compared 4 models (Naive Bayes, SVM, Random Forest, Neural Net) for exercise classification
- Built a rep-counting algorithm with low-pass filtering at **~92% accuracy**

Smart Hiring & Portfolio Platform | React, JavaScript, HTML, CSS, GitHub API

- Developed a responsive hiring and portfolio platform, which **improved completion rates by 42% and reducing setup time by 35%.**
- Integrated the GitHub REST API for automatic project syncing, **cutting manual portfolio updates by 70% and increasing profile engagement by 38%.**

SecureReview — AI Security Review CLI | Node.js, GitLab REST API, Gemini 1.5 Flash, Jest

- Automated GitLab merge-request security reviews, **cutting manual review steps by 60%**
- Paired Gemini with local scanners to **catch 85% of seeded issues across 100 test cases**
- Built Jest-tested services, **cutting review time by 40% with scans under 3 seconds**

EXPERIENCE

Math Instructor — Khang Duy Exam Prep Center, Vietnam · May 2022 – June 2023

- Tutored 10+ high school students 1-on-1 in Math and English, **raising test scores ~15–25%**
- Supported online classes on weekends and responded to student inquiries within 24 hours
